S 007. MILITARY AIRSPACE BLOCK CONCEPT TESTING

Replaces AIP SUP 003/2024

1. General

For the period **18 April 2024 – 31 October 2024** multinational military forces will use temporary established segregated areas for training, exercises, and other purposes in the Vilnius FIR/UIR of the Republic of Lithuania. In addition, military activity will be conducted in airspaces published in AIP ENR 5.1 and 5.2 of Lithuania AIP. Details can be found in paragraph 2.

Restrictions apply to non-participating traffic.

All times are in UTC.

2. Activity areas

2.1 New Temporary Reserved/Restricted areas

Training/exercise areas are plannable H24 unless otherwise specified.

Flight planning buffer zones (FBZ) are established for each temporary reserved/restricted area. These zones enable IFPS to intercept and reject non-participating IFR flight plans with a planned routing touching training areas which are planned activated in accordance with daily AUP/UUP. Each FBZ has an ID that corresponds with the related temporary reserved/restricted area ID, with the addition of an Z to the end: e.g. EYTS298 and EYTS298Z. The FBZs description are below the corresponding TESA.

Planned use of the new temporary reserved/restricted areas is specified in remark column/paragraph 4 and daily via AUP/UUP/NOTAM.
